

ACQUITTED OF MURDER

ARRESTED FOR THEFT

Jury Bring in Verdict of "Not Guilty," in Bruderheim Case--
Lilge Re-Arrested for Robbing Leslie's Store

Ludwig Lilge was yesterday afternoon at 5 o'clock acquitted of the charge of murdering Wm. Leslie at Bruderheim on the night of Jan. 24, 1905, the jury returning a verdict of "not guilty" after a confinement of two hours and fifteen minutes.

When court resumed sitting at 2 o'clock, crowds filled the courtroom and listened in breathless silence to his lordship's address to the jury.

In summing up the evidence, his lordship said there were three points to be considered in connection with the case. Whether the man found dead in the burnt building was Wm. Leslie, whether his death had been caused by accident or by the infliction of wounds, and whether the prisoner was the man who inflicted these wounds. The first two points had been proven. If there was any reasonable doubt in their minds as to whether the prisoner inflicted the wounds which caused death it was their duty to acquit him. The evidence against the prisoner was purely circumstantial, but circumstantial evidence was sufficient for conviction. His lordship said that the fact that Hochmair, acquitted on the same charge, was not necessarily conclusive that he was innocent.

At twenty-five minutes to three the jury filed out. At ten minutes of five they returned to the court room. Not a sound was heard as they took their places and answered to the calling of their names.

"Have you arrived at a verdict?" was asked.

Duke of Connaught May Cross Prairie on the C. N. R.

Winnipeg, Feb. 23.—There is a rumor that Prince Arthur of Connaught, who Tuesday invested the Emperor of Japan with the order of the Garter with his suit will come over the Canadian Northern Railway on his trip through Canada early next month. His Highness will come via the Canadian Pacific from Vancouver to Calgary and will thence go north on the Calgary and Edmonton. His special train will be transferred to the Canadian Northern and brought through Winnipeg to Port Arthur on that line.

The Duke of Devonshire Announces that He Will Not Support Balfour's Policy

London, Feb. 23.—In the House of Lords today the Duke of Devonshire provoked a debate on fiscal question in opening which he announced that he and his friends would oppose to the best of their ability the proposals made by the Unionist leader. The Duke added that he remained a Unionist, but would not accept a leadership which involved him with the opinions expressed by former Premier Balfour and Mr. Chamberlain. Former Foreign Secretary Lansdowne defended the policy of Mr. Balfour, while Lord Cochen, former Chancellor of the Exchequer associated himself with the Duke of Devonshire in repudiating it.

Arranging for First Parliament

The preparations are well under way for the first session of Alberta's first Legislature. The session will be held in the assembly hall of the McKay avenue public school, which will be temporarily fitted up for the accommodation of the members. The speaker's dais will occupy a raised platform at the end of the room furthest from the entrance and will be partitioned off on the speaker's right and left, one as a members' cloak room, and the other for the accommodation of the speaker, from which he will emerge in his cocked hat and robes of office.

A regulation speakers' chair will be ordered from the city of Toronto and will arrive in good time for occupation by the first Legislator of Alberta. Regulation desks and chairs for the members have been ordered and will be here in time for the opening of Parliament. These desks will afterwards be moved to the new Parliament buildings when the latter have been erected.

A mace, the symbol of authority, is being manufactured in Calgary, so that the legislators will be able to transact business in the name of the King and in the presence of the time-honored gilded bauble that always rests comfortably with his head upon a velvet pillow on the clerk's table in front of the speaker. An Alberta goldsmith has charge of its construction, and it is expected that he will turn out a glittering emblem of authority that will vie with any of its predecessors in other provinces.

The Deputy Minister of Public Works, Mr. John Stocks, who, in the absence of the Minister of Public Works, is looking after the arrangement of the Legislative Chamber, has provided special accommodation for the press and a press "gallery" will be erected facing the speaker at the end of the aisle which will divide the opposition from the government benches. Ample accommodation for the newspaper men of the province will be made, and the Public Works Department is taking pains to accommodate the reporters so that every facility will be given for accurate

ing good reports of the first meeting of the Legislature of the Province.

A gown and regulation cocked hat have been procured for Mr. Speaker and a good deal of speculation is being indulged in as to who will wear these robes of office.

Ample seating accommodation will be made for the general public; there will probably be two sets of seats, immediately behind the members' desks which will be reserved for admission by ticket, similar to the speakers' and members' galleries in other Legislative assembly buildings. This, if it is done, will be for the purpose of reserving places for the friends of the members who come from other parts of the Province to listen to the debates of the Legislature, but there will be a large number of seats to accommodate the general public.

There will be a good deal of interest in the opening of this session which will be performed by Lieutenant-Governor Bulyea with the usual military pomp and array and not a few people from all parts of the Province will doubtless be in the city to hear the speech from the Throne delivered. Following this the maiden efforts of the mover and seconder of the address in reply to the speech from the Throne will be listened to with a great deal of interest and not the least of the curiosity of the public will be directed to the speech by the leader of the Opposition, who will follow the mover and seconder of the address. It is not known that the election of the leader has taken place and there is a possibility of the vote for that position being a tie, but it is expected that before the House meets it will have been decided which of the Honorable Members will occupy the position directly at the speaker's left will address the House on behalf of His Majesty's loyal Opposition.

A number of interesting debates will doubtless take place during the session but no doubt the one upon the Capital question will eclipse all others and will probably attract the greatest number of spectators. The session will be a very interesting one as the foundation of Government for the new Province will be laid and the proceedings of Alberta's first Parliament will be followed with a great deal of interest by citizens all over the Province.

Manual and Automatic Compared

The following comparative statement of running expenses furnished by the Citizens' Telephone Co., of Grand Rapids, Mich., is very interesting, as showing the difference in the cost of operating the different systems.

Up to December 31, 1903, the Citizens'

CITIZENS' TELEPHONE COMPANY,

Inspection Department.....8,839.38

(This includes Wire Chief, Trouble men, Trouble Clerks, and Supply Boy, but does not include Installers and Movers.)

They are kept in a different account and their time charged to Maintenance or Construction in accordance with the work done.)

Maintenance Wagon and Reconstruction Wagon.....6,548.21

(These two were combined in pay rolls at that time.)

There were 4839 telephones in service at the beginning of the year and 5115 at the end of the year, an average of 1977. Above departments cost \$9.40 per telephone per year.

\$46,808.23

Telephone Co., used a manual switchboard. Between January 1 and June 30, the manual was substituted by the automatic. Consequently the comparison is made for the years previous to December 31, 1902, and subsequent to June 30, 1904. The following is the statement:

CONTRACTS LET FOR G. T. P. PORTAGE LA PRAIRIE TO EDMONTON

The Prairie Section of the Road Now in the Hands of Contractors Under Condition that Operations Be Rushed

Montreal, Feb. 23.—In an interview today, Frank W. Morse, vice-president of the Grand Trunk Pacific stated that contracts have been let for the line from Portage la Prairie to Edmonton. The first portion of 275 miles in the hands of McDonald, McMillan Co. The section adjoining this contract from the Touchwood Hills to Saskatoon, a distance of 149 miles has been awarded to the Canadian White Co. of Montreal. The portion from Saskatoon to Edmonton 317 miles has been awarded to Foley Bros. Larson Co. A condition imposed upon the contractors is that the work shall be rushed with the greatest possible rapidity. The above work together with the work now in hand between Fort William and Lake Superior Junction makes a total mileage of 942 which the G.T.P. has under contract.

The Grand Trunk Pacific Railway Company, with its heart set on getting a line through to the Pacific coast, will naturally be the largest builders of new railway lines in the west this season. Their plans call for the construction of almost 1,000 miles of road. Contracts had been previously awarded for two sections, one 210 miles long, from Fort William to the junction of the Transcontinental line that is to be built by the Government, and another, 250 miles long from Portage la Prairie in a north-westerly direction toward Touchwood Hills, yesterday, tenders were opened and contracts let for the balance of the line into Edmonton.

Almost 1,000 miles in a year by only one company! At first sight the thing looks like an impossibility, but a leading official of the Grand Trunk Pacific Railway, stated that, as a result of the various big machines that had been invented they had every reason to expect it would be accomplished.

And then, there is the tremendous number of men that will be required if the work is to be completed. The official of the company, who is close to General Manager Morse, said the statement that between 4,000 and 5,000 men would be employed by the different construction companies at work on the proposed G. T. P. line would be a conservative one.

Besides these contracts for the company's portion of the line the Government is calling for tenders for the construction of two divisions of the Government section, one from Winnipeg eastward to the junction of the Lake Superior branch and the other from the city of Quebec westward. The line from Winnipeg to the Lake Superior junction will be 245 miles in length.

The indications are therefore that with the opening spring an army of men will be turned loose on the work of completing as rapidly as men and means can do so the entire line from Edmonton to the Lakes, a length of some 1169 miles.

MENAUPT ELECTED
Toronto, Feb. 23.—W. K. McNaught, Conservative, was elected for the Legislature over his opponent Thomas Urquhart, by a majority of 1421 votes. The figures are McNaught, Conservative, 3,838; Urquhart, Liberal, 2,417; Simpson, Socialist, 260.

STANLEY CUP WILL STAY EAST

Manitoba Teams Will Probably Hold Back Challenge Until Next Season

Winnipeg, Feb. 23.—From Ottawa comes information that the Ottawa hockey club is arranging a series of games with the Smiths Falls team, champions of the Federal Hockey League, to follow the games with Queen's University team, champions of the intercollegiate league. These latter games are to be played Tuesday and Wednesday of next week and the Federal League champions will likely be taken on the following week. That would prevent any Manitoba team from playing the Ottawas before March 12. With the uncertainty of ice around that time, it is unlikely that a western team would care to make the trip east so that it can be taken from granted that Manitoba will not make a bid for the Stanley Cup this winter, but will hold the challenge over until the beginning of next season.

PLUMBERS DENY COMBINE

Winnipeg, Feb. 23.—Over thirty plumbers accompanied by several wholesale firms handling plumbing fixtures appeared before the law amendments committee to ask that the legislators reconsider the plumbing clause in the city legislation which was approved some time ago by the committee. In arguing against the clause through which the city would obtain power to go into the plumbing business several members of the Master Plumbers Association in Winnipeg, and counsel for the plumbing interests, emphatically denied that there was a plumbers combine in Winnipeg, and asserted that the city had no more right to do municipal plumbing than it had to engage in any other kind of business.

SETTLERS FROM AFRICA

Two Men From Bulawayo S. A., Take Up Homesteads in the Pembina District

Two settlers from Bulawayo, South Africa, filed at the record office today on homesteads in the Pembina River district, sixty miles to the northwest of the city. The locators are Kuhn, Oleson and George Thompson, and they say that they have been attracted to this country by the reports which are being published throughout the civilized world of the possibilities of Edmonton.

Oleson and Thompson arrived in the city from Africa last Thursday and together with a party of four others who had arrived from different parts of the world, and who happened to meet here, went directly to the Pembina River and located. The other members of the party were H. H. Kemper, Nebraska, S. G. Culp, W. G. Elson, J. H. Elson, South Dakota, and R. A. Leader, England. They all found homesteads in the Pembina that were suitable and all returned together yesterday to file on their claims.

Mr. Oleson says that the country is quite up to his expectations. He believes that at least one hundred families from Bulawayo will move to Alberta this summer.

RED DEER NEWS.

Red Deer, Feb. 21.—Some one carelessly dropped a match into a box of empty shells in Phillips Bros. on Monday morning and when Mr. Mott came in a few minutes later he found a merry little fire fairly well started among the shells. Mr. Mott promptly carried it out, but had it been unnoticed for a very few minutes longer there would certainly have been something doing.

A few of the local fans have been out doing stunts with a baseball the last few days. There are splendid prospects for a fast intermediate team here at least, and all that is needed for a bunch of seniors that could make the Canmore cup holders hot under the collar is a good battery.

Another case of typhoid fever has developed in town, and on account of the various contagious diseases going round the school has been closed.

STRATHCONA.

Strathcona, Feb. 21rd, 1906.—Special Messrs. Macfarlane & Valieu are now engaged in renovating and enlarging Mr. Rawlin's house, Whyte Ave.

Mr. and Mrs. Cooper, E. Clover Bar were at the Alberta here last night.

Mr. Wm. Jackson, who has been drawing ice for some time, was injured while engaged at his work a few days ago. He is now confined to his room.

W. W. Ross, of New Westminster, B.C. came into town this evening over the C. & E. He came up to purchase a car load of potatoes for the Pacific Province. He is at the Royal.

Mr. Carrigan, representative of the Perrin Plow Co., went over the C. & E. to Nanton, Alta. in the interests of his firm.

Mr. A. B. Robinson, representative of the "Blick" Typewriter Mfg. Co. of Moose Jaw, went south this afternoon.

Mr. Fletcher, representative of the Aylmer Scale Co. went south this afternoon on the C. & E. in the interests of his firm.

Stephen Brnaga and John Gau were gathered into the "coop" early this morning by policeman Ryan. They were making the night hideous by their howls and language. They came up this morning before Magistrate Connolly, who read the law to them and gave them an option of 15 days in jail each or a fine of \$5.75 and \$7.75 respectively.

Messrs. N. McLellan and J. J. Duggan have purchased the Parrish Block Whyte Avenue, for \$22,000 and not the Duggan Block as reported.

Walters men are busy bringing into town about 100,000 feet of lumber from near the "White Star" mine where it was cut some time ago by Mr. Stewart.

Mr. Walter was in town today, and reports that his men are working overtime to get the logs to the river before the roads break up in the spring.

Mr. David Fraser, Provincial Boiler Inspector, came into town last night from Battle river. He commences to hold written examinations in a few days for those candidates who wish to write for 1st, 2nd and 3rd class certificates of qualifications for engineers.

REVISING GAME LAWS

Winnipeg, Feb. 23.—Deer shooting was the most important question before the legislature committee on agriculture today. The committee decided to recommend to the House that the shooting of dogs be allowed in the open season. Formerly the law allowed only the shooting of bucks.

**NOTICE TO CONTRACTORS**

SEALED TENDERS addressed to the undersigned, marked on the envelope, "Tenders for Construction," will be received at the office of the Commissioners of the Transcontinental Railway at Ottawa, until twelve o'clock noon on Monday, the 12th day of March, 1906, for the work required for the construction, in accordance with the plans, profiles and specifications of said Commissioners, for the following sections of the Transcontinental Railway, the said work to be completed on or before the first day of December, 1907, viz:

(1) District "A". From a point designated on the plans of the said Commissioners at or near the City of Winnipeg, to a point known as Peninsula Crossing, near the junction point of the Fort William branch of the Grand Trunk Pacific Railway, a distance of about 245 miles.

(2) District "B". From a point designated on the plans of the said Commissioners, at the north end of the Quebec Bridge and Railway Company's bridge in the vicinity of the City of Quebec, to a point near La Tuque, a distance of about 150 miles.

(3) A steel viaduct about 3,000 feet long across the Cap Rouge Valley, in said District "B" in the vicinity of the City of Quebec, the work to be performed in accordance with the General Specifications of the Commissioners of the Transcontinental Railway, and the General Specifications for steel bridges and viaducts of the Department of Railways and Canals of Canada, 1905.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, also in the office of the District Engineer at Kenora, Ontario, for the section of District "B" and for the section of District "A" in the office of the District Engineer at Quebec.

Persons tendering are notified that tenders will not be considered unless made in duplicate and on the printed forms supplied by the Commissioners.

Separate tenders must be submitted for the work in each District.

Tenders shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed and fully inform themselves as to the quantity and quality of materials and character of workmanship required, and are understood to accept and agree to be bound by the terms and conditions contained in the form of contract, specifications, &c., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an amount of cash in a certified bank of the Dominion of Canada, payable to the Commissioners of the Transcontinental Railway for the sum of four hundred thousand dollars (\$400,000), for District "A", and two hundred and twenty-five thousand dollars (\$225,000) for District "B", and thirty-five thousand dollars (\$35,000) for steel viaduct in said District "B". Any person whose tender is accepted, shall, within ten days after the acceptance thereof, furnish the security required by the Commissioners for due and faithful performance of the contract according to its terms, sign the contract, specifications and other documents required to be signed by said Commissioners; and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners and to furnish the approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:

"All mechanics, laborers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the District in which the work is being performed, and, if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works."

"The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price."

The Regulations adopted by the Commissioners, and also to the Laws and Regulations respecting fires in the different Provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,

Secretary.

THE APPROACHMENT

The reconciliation of Mr. Balfour and Mr. Chamberlain appears to be complete, about as complete as the party defeat from which it sprung. Possibly it should be called the reconciliation of Mr. Chamberlain to Mr. Balfour for the part of the erring but repentant appears to have been taken by the late Premier, while the wily Joseph magnanimously refrains from emphasizing the differences which had separated them and again tenders his services in the party's cause.

But however friendly may be the co-operation thus renewed the gentlemen continue their association under vastly altered relationship. A second "Opposition Leader's room" is being arranged for Mr. Chamberlain at Westminster and the fact is significant of the changed standing of that gentleman toward his leader and his party. However loyal the late "Lieutenant" may be, affairs of late have tended strongly to advance his prestige among his associates and have tended not less powerfully to lower the prestige of Mr. Balfour in the party. That the ex-Premier should have found it necessary to take the initiative in bridging the chasm between himself and Mr. Chamberlain has helped nothing to maintain his ascendancy.

Henceforth the Unionist party will be under dual leadership. In a sense this is necessary. The free trade Unionists could scarcely be expected to work contentedly under the leadership of Mr. Chamberlain, while the Protectionist followers of Mr. Chamberlain would be equally dissatisfied under the more certain and cautious leadership of Mr. Balfour. While the party continues to be divided on matters of vital policy a united front can be shown the enemy only under leaders powerful enough to keep these sections from fighting with each other. In the meantime Mr. Balfour's conditional surrender to Mr. Chamberlain is not likely to raise him in the estimation of his followers. This Mr. Balfour doubtless realized and that he found it necessary to give publicity to the correspondence lends reason to the assumption that his purpose was to give the Chamberlainites to understand that while Joseph is their captain, Arthur is still their general.

WINNIPEG SCHOOL MATTERS

2 Winnipeg, Feb. 22.—A deputation of Roman Catholics waited on Sampson Walker, M.P.P., for North Winnipeg yesterday to consult with him regarding the proposed compulsory education law, he having been asked by the city school board to take up the bill in the House after it had been taken out of the hands of J. T. Gordon, member for South Winnipeg.

Walker decided to write to the school board and urge that a joint meeting of the board and the Catholic committee be held for the purpose of discussing the question.

APPOINTED NEW BISHOPS

Rome, Feb. 22.—The Pope held yesterday consisting chiefly to create nineteen French bishops in dioceses vacant through the Franco-Vatican struggle. He also recognized Right Rev. W. O'Connell, coadjutor to the archbishop of Boston, as Archbishop of Constance, and Right Rev. A. S. Bernard as Bishop of St. Hyacinthe, Canada.

EXPECTS TROUBLE IN CHINA

Washington, Feb. 22.—Chairman Hull of the military affairs committee in presenting the army appropriation bill to the House today, urged the necessity of complete preparedness as to the United States army and navy for trouble in the Orient. He declared that any nation not prepared to defend its position in China might as well haul down its flag and quit the Pacific.

FOOD FOR SUFFERING JAPS

Ottawa, Feb. 22.—The Canadian Government has purchased twenty-five thousand dollars worth of wheat flour mostly from Manitoba, for the relief of sufferers from famine in Northern Japan. It will consist of twenty thousand 49 pound bags. The first shipment goes forward March 5th.

Hon. H. Emmerson addresses the Canadian club of New York about the middle of March.

Canada will urge reciprocity with Great Britain in the recognition of military officers' commissions.

SUPPLIES FOR
G.T.P. SURVEYORS

Contract Let For Transportation to
the Jasper Pass

N. H. Jock, of Jasper Pass, has been awarded a contract by the Grand Trunk Pacific to pack fifty tons of supplies from Lac Ste. Anne to the Jasper Pass, the goods to be forwarded immediately. The Hudson's Bay Co. has the contract for the supplies and is laying them down at Lac Ste. Anne, where they are to be turned over to Mr. Jock. Seven tons were sent out last week and five tons more are being shipped this afternoon.

In order to handle the goods and get them through in time, Mr. Jock will have to purchase thirty or forty head of pack-horses to add to his string which will make him altogether fifty or sixty head of horses on the trail. This latest move of the G. T. P. of storing supplies in the Jasper Pass has led to considerable speculation and guessing on the part of local men. Heretofore the G. T. P. surveyors have confined their efforts to the Pine River pass, with a reconnaissance on the Peace and Wapiti. The Wapiti, through which it was hoped to gain access to the headwaters of the Fraser, proved impracticable, which apparently leaves the G. T. P. the choice of going north to either the Pine or Peace or else swinging south to the Yellowhead. Heretofore no survey work of any kind has been done by the G. T. P. men in the Yellowhead, but the fact that they are rushing through fifty tons of supplies would seem to indicate that there is going to be something doing there this summer.

SUPREME COURT
Continued From Page One.

Van Meter lives at Millet and is charged with attempting to defraud H. Shorey & Co. one of his creditors. H. Swarbrick was the first witness called. He was the stenographer at the examination of Van Meter held before Alex. Taylor, clerk of the court. The examination had brought out statements by the defendant upon which this case was based. Mr. Nolan objected to the evidence of the witness on the ground that the examination had been an examination for discovery and that the defendant had been subpoenaed to attend and was bound to answer all questions asked him. The witness had merely heard the defendant make several statements at the examination.

C. F. Newell was another witness called for the prosecution, who stated that he had received a claim and had instructions for execution against Van Meter from H. Shorey & Co. The claim had never been settled in any way. The case is being continued this afternoon. Just before court adjourned Mr. Miller of Strathcona, announced that the boy, Guy Baxter, who was to appear before the court on a charge of shooting with intent, and who had been too ill to appear in court, was now recovered and ready to receive his trial. His Lordship set the case for Monday.

DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership heretofore existing between Samuel T. Grose, of the City of Edmonton, in the Province of Alberta, and S. M. P. Michaelson, of the same place, Livery Stable Keepers, doing business under the firm name of S. T. Grose & Co., under the style of "The Great West Livery Stable," has been this day dissolved by mutual consent.

All parties indebted to the said firm are to make immediate payment to Samuel T. Grose, who has taken over the said business and is authorized to collect the same, and all parties having any debts or claims against the said partnership are to present the same to the said Samuel T. Grose within thirty days from the date hereof.

Dated at the City of Edmonton, in the Province of Alberta, this 21st day of February, 1906.

S. T. GROSE,
Signed in the presence of

thousands of the most obstinate cases of Coughs, Colds and Lung troubles. Let it cure you.

"Last winter I coughed for three months and thought I was going into Consumption. I took all sorts of medicine, but nothing did me any good until I used Shiloh's Consumption Cure. Four bottles cured me. This winter I had a very bad cold, was not able to sleep, my lungs were sore on the inside and back. Six bottles of Shiloh made me well again. I have given it to several people and every one of them have been cured."—J. J. Joseph, St. Hyacinthe, Que.

Mrs. Lily G. Munson, died at her home at Onoway, on Thursday, February 15, of heart failure. Mrs. Munson, was formerly Miss Lily G. Snowden, of Harbor Beach, Michigan, where she was employed as a teacher in the schools. Mrs. Munson was a member of the Methodist church, and she leaves many friends here, who recall her kindness and devotion to others in times of sickness. Besides a husband and three small children she leaves a father, sister, and two brothers in Michigan to mourn her loss. The funeral was conducted from the Methodist church to the Edmonton cemetery on Tuesday last at 2 p.m.

An Edmonton traveller, who returned to the city yesterday, from a trip down the C. N. R., said that the towns down that line were greatly overcrowded. He had been out for a week and had never slept in a bed all the time he was away. At Vegreville nine travellers got off and there could only be found bed accommodation for four in the town. He slept on the floor of the hardware store. Another night he slept over a lively stable, on a bale of hay and another night in a chair in a restaurant. Building is going ahead at every town along the line as fast as lumber can be unloaded, but settlers and business men are coming in so fast that there will undoubtedly be a good many people sleeping under canvas along the C. N. R. before the summer is far advanced.

BLEILER CASE DISPOSED OF

The case of John Bleiler, charged with criminal libel, was disposed of yesterday afternoon during the retirement of the jury on the Llige trial. Bleiler was charged with writing a letter to the Vermont Machinery Co., containing libel against John A. Flanagan, who is general agent for the company.

The following was the jury called for the case: Messrs. Wm. Carcadden, Geo. Long, J. J. Bell, Ed. Gee, Ralph Holbert, W. F. Hawkins.

Geo. O'Connor appeared for the defendant, and E. F. Newell for the prosecution.

C. F. Helwig was the first witness. He said the signature on two documents was like that of defendant. Cross-examined, witness said he had never seen accused sign his name. About six months ago he had seen him write a letter.

Wm. Bleiler, brother of defendant, was called, but did not appear.

Mr. Newell, the counsel for the prosecution, then went to the witness stand and said that some time ago his firm had received an account for collection against Bleiler Bros. and also against Helwig. He wrote several letters in answer to the Vermont Farm Machine Co., Bellows Falls, and also received replies. Some time after he received the first reply, he saw defendant, who told him he had sold his quarter section of land through John Flanagan to the Vermont Farm Machine Co. Shortly afterwards he received another letter containing the letter exhibited in court.

Cross-examined, Mr. Newell said he was solicitor for the Vermont Farm Machine Co. Witness said that he told Flanagan about a letter he received from the company, which they had received, reflecting on Flanagan. Flanagan, instructed Mr. Newell to enter an action.

Mr. O'Connor moved for the discharge of the case on the ground that there was no evidence of publication of the libel.

The judge directed the jury to bring in a verdict of not guilty, and the case was discharged.

MRS. JARLEY'S WAXWORKS.

The Sabbath school of All Saints church was crowded to the doors and standing room at a premium last evening, when the Ladies Aid of the church presented the comic tableau, Mrs. Jarley's Wax Works, together with a musical program consisting of selections that were highly enjoyable. The first tableau presented was a scene representing Mary, Queen of Scots, escaping from her palace. Mrs. Irving gave a violin solo, and another tableau, representing "The Old woman who lived in a shoe," was very pretty. The solo part being taken by Miss Pinkston, Mrs. Bennett sang twice, and Miss Pinkston also sang another solo. Miss Pinkston has an exceedingly sweet voice and her singing was much enjoyed. Arthur Hopkins with his club-swinging exhibitions highly delighted everyone. Vernon Barford on the piano, together with Dr. Cobbett, and Mr. Irving on the violin gave some good selections. Then Mrs. Jarley and her wax works were introduced to the audience, and her performance gave the crowd as much amusement as they wanted for an hour. She carried out the character of the comic old lady described by Dickens in Old Curiosity Shop to perfection. The part of little Nell was taken by Phyllis Barnes, who looked very pretty. The two assistants, John and Peter as they were called, were very funny and kept the audience in laughter all the way. Another amusing feature was the man with the box, who was handcuffed and placed in the box and the cover nailed on. The curtain dropped and when it rose again the gentleman who was supposed to be in the box appeared on the stage, and when the box was opened there appeared another man much to the amusement of the crowd.

DOMINION BANK WANTS QUARTERS

Agents of the Dominion Bank have been making inquiries recently for premises to be occupied as temporary quarters in which to establish a branch in Edmonton. So far, nothing satisfactory has been located, as business premises are about the scarcest thing in town, but the Dominion managers, it is reported, intend to get a location of some kind immediately and have their branch open for business within the next thirty days.

The Dominion will make the eleventh chartered bank doing business in Edmonton, an unfailing indication of what the heavy financiers of the east think of Edmonton.

McBRIDE SATISFIED WITH HIS BARGAIN

Victoria, Feb. 23.—The committee investigating the grant made by the Government to the G. T. P. has decided to ask Peter Larsen of Helena and Frank W. Moras, vice president and general manager, of the G. T. P. to give evidence. Premier McBride, in his evidence, today, said that the Government considered that an excellent bargain was made in getting the company to take the lands at \$1 per acre. The lands otherwise would not have been worth two pence an acre.

Mr. John Timney Sr., who has been ailing for the past three months, is not recovering as fast as his many friends would wish for.

Married, on the 14th inst., by the Rev. Father Okhuysen, Thomas McNamara, of the St. Emerance parish to Miss Lizzie Kinsella, eldest daughter of Mr. and Mrs. P. Kinsella. The bride was attended by her sister Miss Nellie Kinsella, and the groom by his friend, Mr. F. D. McKee. The bridal party with a few neighbors, drove to the home of the bride's parents, where they partook of the wedding dinner, and spent the day. In the evening the young folks drove to the McNamara home, where they enjoyed themselves into the wee sma' hours. The bride received many useful presents. They will reside at Riviere Qui Barre.

Offers will be received by the undersigned up to the 24th day of March next at noon for the purchase of all the West half of Section 6 in Township 56, Range 21, West of the 4th Meridian, which lies to the west of and adjoining the left bank of the Saskatchewan River, containing about 198 acres, belonging to the estate of Joseph Adams, deceased. The said land is about nine miles from Fort Saskatchewan.

No offer necessarily accepted. Terms and particulars on application.
